**The work you perform every day is critical, and the data you need from the American Board of Medical Specialties (ABMS®) is now available when you need it, right from your browser. It's an important part of the ABMS mission to achieve higher standards and better care.**

The ABMS Certification Profile Service™ is a premium resource for accessing ABMS certification data to conduct electronic Primary Source Verification (ePSV). Powered by ABMS Direct Connect, the ABMS Certification Profile Service was developed because of your desire to reference board certification information directly from ABMS and includes critical features you need to access and maintain credentialing information.

You have direct, browser-based, easy access to the ABMS database containing board certification information on more than 800,000 physicians certified by the 24 ABMS Member Boards in more than 145 specialties and subspecialties. Functionality includes:

- Effective dates included in certification profiles
- Search by Social Security Number
- Build and save customized lists under “My Physicians”
- Receive customized alerts based on saved “My Physicians” lists
- Page through multiple certification profiles resulting from a search

## Working with you to champion the verification process
